Contributing Resources

Contributing resources are those resources which were built within the period of significance, are reflective of and contribute to the significance of the district, and retain sufficient integrity to convey that significance. Contributing resources typically include buildings and structures, but may include landscaping, trees, and streetscapes (palm trees, parkways, sidewalk color and scoring, stamps and curb cuts) which are characteristic of the period of significance and architectural design.

All resources identified as contributing at the time the district is designated will be designated as contributing resources and will be eligible for the benefits of designation, which includes the Mills Act agreement and property tax reduction. Contributing resources will be required to comply with the U.S. Secretary of the Interior's Standards for the Treatment of Historic Properties and any applicable development/design guidelines adopted for the district.

Street #	Street Name	APN	Date	Style	Status Code	Integrity
3203	Belle Isle Drive	476-242-23	1947	Minimal Traditional	5D3	Good to Fair
